I've sold hundreds of homes representing both buyers and sellers. I take each sale very seriously...but we still keep it fun. My business is built off referrals from those who I have served...many who I now consider friends.

## Why RE/MAX?

I joined RE/MAX because it affords me the freedoms to best represent my clients. RE/MAX has a great national and regional presence and does not restrict my marketing. Thus I can put you home on the forefront.

## Non-Accredited Education

I am constantly striving to be the best. I consistently attend conferences, continuing education courses, even attorney courses. Anything that will help with my business, and will better help me serve you...and give us an upper hand during negotiations.

## Accreditations

### **Certified Residential Specialists (CRS) -**

Arguably the most respected of all Realtor designations. The average CRS does 5+ times the business of a typical agent. Only about 4% of the agents in the country hold this designation.

### **Associate Broker (AB) -**

This designation means I can open and run an office. It highlights years of service, contract knowledge, an understanding of Washington State Law as it pertains to Real Estate.

### **Accredited Buyers Representative (ABR)**

This designation highlights my training on how to best represent buyers needs.

### **Internet Marketing Specialist (IMS) -**

Trained in how best to use the internet and available online tools to serve your needs.

## Education

Bachelor of Science in Mechanical Engineering, University of Washington '91  
With 10 years plus experience of coordinating designs, managing projects, people, and facilities there will be a level of structure to every transaction that helps you sleep easy knowing we are guiding the sale.
